The screenshot shows a travel agency's contact us page. At the top, there is a navigation bar with links for HOME, DESTINATIONS, CONTACT US, and ABOUT US. On the far right of the header are links for MY LIST, REGISTER, and SIGN OUT. The main title is "CONTACT US". Below it, a sub-instruction says "If you want to inquire, complete the form or send us a message via email or mobile:". There are two input fields for "First Name" and "Last Name". Below these is a section for "Email" and "Phone". A question "Would like more information about:" follows, with three options: "Accommodation", "Food & Drink", and "Tour Packages", each with an unchecked checkbox. Underneath is a link "About Us". At the bottom of the form area are "Question", "Submit", and "Reset" buttons. Below the form, there is a section titled "OFFICE LOCATION:" with the address "245 Yorkland Blvd Toronto ON A1B 2C3". A section titled "OFFICE HOURS:" lists the opening times: "Monday - Friday 9:00am - 6:00pm", "Saturday 9:00am - 12:00pm", and "Sunday: Closed". At the very bottom, there is contact information: "Phone Number: (613) 346-4320" and "Email Address: cont.us@travelagency.com".

The screenshot shows a GitHub repository interface with the following details:

- Branch:** master
- SHA1 ID:** ef288e5f9625848a423ccb8a5d0ef2418ef65098
- Commits:** 37 (Row 1 / 37)
- Find:** Find button, Up/Down arrows, commit containing dropdown.
- Search:** Search input field.
- Diff Options:** Diff (selected), Old version, New version, Lines of context: 3, Ignore space change, Line d.
- Comments:** about.html, construction.html, contact.html, index.html, myList.html, resorts.html, services.html, tours.html
- Patch View:** Shows the diff between index 28ac022..73ad553 100644. The diff highlights changes in the title tag from "three one four" to "three one four four".

SCRUM RETROSPECTIVE: THINGS THAT WENT WELL

- I BELIEVE I HAVE SUPPORTED THE PROJECT REQUIREMENT, IF NOT ALL, BUT THE IMPORTANT PART ESPECIALLY ON LOG ON /SIGN OUT AND SAVING REQUESTS FOR DIFFERENT USERS IN LOCAL STORAGE IS SUPPORTED
- I MAY HATE IMPLEMENTING THE LAYOUT ESPECIALLY CSS BUT I KINOF ENJOYED IMPLEMENTING THE JAVASCRIPT PART. ALTHOUGH I WAS LEFT WITH LITTLE TIME FOCUSING ON IT BECAUSE IMPLEMENTING THE DESIGN LAYOUT PART TOOK ME SO MUCH TIME, AND IT ISN'T EVEN THAT GOOD LOOKING, I WAS ACTUALLY HAPPY CODING THE JS PART ☺

SCRUM RETROSPECTIVE: THINGS THAT DID NOT GO WELL & THE DIFFICULTIES I ENCOUNTERED

- DESIGNING THE LAYOUT. I KEEP CHANGING MY MIND ON HOW THE PAGE SHOULD LOOK LIKE, NOT TO MENTION WE ALSO NEED TO CONSIDER THE PART FOR OTHER SCREEN SIZES
- TBH, THIS CORONA OUTBREAK AND ME BEING SICK GOT ME INTO DELAYS ON IMPLEMENTING THE PROJECT. NOT TO MENTION, NO MATTER HOW I FORCE MYSELF, I HAVE LITTLE INTEREST IN IMPLEMENTING HTML/CSS

SCRUM RETROSPECTIVE: THINGS THAT NEEDS TO BE IMPROVED

- FIRSTLY, BETTER PAGE LAYOUT ESPECIALLY ON OTHER SCREEN SIZES
- INSTEAD OF USING JQUERY, BETTER USE OTHER EFFICIENT STORAGE LIKE INDEXEDDB FOR BETTER DATA STORAGE, AND EASY FOR IMPROVEMENT AND MAINTENANCE
- ALL PAGES WILL BE SUPPORTED EG. ACCOMODATIONS, TRANSFERS, TOUR PACKAGES, INFORMATION LINKS
- USER SHOULD BE ABLE TO RATE & COMMENT THE REQUESTS THEY HAVE ALREADY EXPERIENCED
- COMPLETED REQUESTS SHOULD BE LISTED IN A HISTORY PAGE
- SITE SHOULD PROVIDE SUPPORT FOR BOOK PAYMENTS OR AT LEAST PROVIDE PRICES INFORMATION
- ROOMS /BOOKS AVAILABILITY SHOULD BE RESTRICTED EG TYPE OF ROOM CATERS ONLY N NUMBERS OF GUESTS
- USER SHOULD NOT ALLOW BOOKING ON PAST DATES
- SO MANY THINGS FOR IMPROVEMENT...
